#### **Alhambra Unified School District Mission**

The mission of the Alhambra Unified School District is to ensure the educational success of all students by having a comprehensive educational program where students can learn and become productive members of a diverse society.

#### **How Arts Education Supports Meeting the AUSD Mission**

The Alhambra Unified School District recognizes that by studying visual and performing arts, students develop critical and creative thinking skills, initiative, discipline, and perceptual abilities that extend to all areas of life. The Board of Education's vision for the 2018 school year and beyond is to expand the Alhambra Unified School District's Visual and Performing Arts (VAPA) programming & instruction. The vision states, "Recognizing the value of technology and the arts, the Board will encourage and support expanded opportunities for student engagement in these areas." The Board of Education has aligned a goal and action within the Local Control Accountability Plan (LCAP) to their vision of expanding the Visual and Performing Arts program. Currently, all students in transitional kindergarten through 12th grade have the opportunity to participate in Visual and Performing Arts (VAPA) instruction taught by a credentialed music teacher. At 12 of our 13 elementary schools, music instruction is offered to all students in TK- 8th grade. Students in TK-3 grade receive general music instruction once a week for half the school year. All students in 4th and 5th grade participate in instrumental music instruction twice a week. 6th-8th grade students can participate in advanced band or orchestra twice a week during their elective period. In addition, middle school students have the opportunity to apply and audition for the district-wide honor string orchestra or honor band. The students, who are accepted into this program, meet once a week after school. Garfield Elementary School is part of the Turnaround Arts program. All students at Garfield have the great opportunity to be in Visual and Performing Arts for at least 45 minutes once a week. Students learn to sing, speak, move, play, and create as they become life-long learners in the arts. This year, Garfield offers general music to all students from Kindergarten to 4th Grade. For 5th through 8th graders, students choose if they want to be in Band, Strings or Choir. The High School provides students with the opportunity to take a variety of visual and performing arts courses such as photography, ceramics, Honors Theater, debate, dance, and instrumental music. Recently, the Alhambra Unified School District's All-City Band was accepted in the Tournament of Roses Parade, 2020. To support the implementation of the Board of Education's vision and the LCAP goal and actions, the Alhambra Unified School District developed a new five years arts plan. Through our strategic planning process, the district VAPA committee developed a vision for expanding the program at the TK-8 level while building articulation with the high school VAPA teachers. The team sees the importance of arts instruction expanding at the elementary level and has discussed arts integration as a strategy for deepening understanding of other content areas such as supporting our Balanced Literacy model and math instructional practices.

In 2018 Alhambra USD established a District VAPA Committee comprised of teachers, administrators and community members to develop a five year strategic plan for arts education. Through a consensus building process, the following vision elements were created to begin advancing arts instruction TK-12 across school sites:

With the five year plan, the district strives to implement the following:

- Sustainable inclusive arts curriculum
- Prioritized coordination for implementing the arts
- Supportive & on-going professional development
- Experienced, qualified & skilled staff
- Growing/on-going funding resources
- Celebration of student learning in the arts
- On-going assessment & evaluation
- Collaborative community partnerships

After reviewing data, the committee then identified the strengths the district could build on (district assets) and the challenges it would face as it moved toward enacting the newly developed vision for arts education.

Strengths	Challenges
Momentum toward our vision	Forces resisting our new direction
A variety of arts courses at all three high schools + LIFT	Reluctance amongst the staff for integrating the arts
Strong student interest & motivation in the arts	Insufficient TK-8 arts classes
Diversity	Funding
Support from the Board & Administration	Skewed parent support
Highly qualified and passionate teachers	Insufficient enrollment
A strong community that has a family feeling	Conflicting priorities within the district
Talented people & amazing students	Insufficient materials, resources, supplies, space
Tk-12 music instruction across district	Uncoordinated scheduling
Alhambra Education Foundation (AEF)	A vague understanding of the standards
Summer school programs with arts instruction	Excessive PD bogging teachers down
District has made an effort to close the achievement gap	Neglected skill-building to establish foundational arts skills
including site commitment	Some students are unmotivated to participate in the arts
Rich history of institutional knowledge of arts education	Outdated facilities
Parent involvement	A need to educate parents on A-G Requirement & Arts
Collaboration program with Special Ed MDD	Integration
Turnaround Arts partnership at one site	Insufficient training & PD for arts education
Inclusive partnerships	A devaluing of the arts due to not understanding the importance
Academy of Special Dreams (special needs) – Partnership	of the arts – outdated mindset
Students that go on to study the arts in College	Diversity not present amongst staff
MOU with Pasadena Arts Center (scholarships with the Saturday	
HS Ed Program)	
Ryman Arts Partnership	
Alhambra visioning to start an Arts Academy	
A variety of college prep programs	
AP 2D design & 3D design at the HS level; Alhambra HS has a	
ceramics program	

#### Items the committee found important to consider in developing the five-year plan:

Establishing implementation goals at each site

The importance of resources & supplies

Collaboration – i.e. how will the City of Alhambra support us?

Partnerships to support implementation of instruction

Knowing our desired future – vision

The importance of strengthening the arts at elementary

Clear communication about what exists (site data) and maintaining continuity across sites

Scheduling

Fear of students matriculating to LACHSA as opposed to going to HS in Alhambra

The importance of standards-based arts instruction

Articulation of the arts TK-12

The fact that we live in the center of Hollywood and the Creative Economy

The importance of creating a creative & innovative mindset as a district value

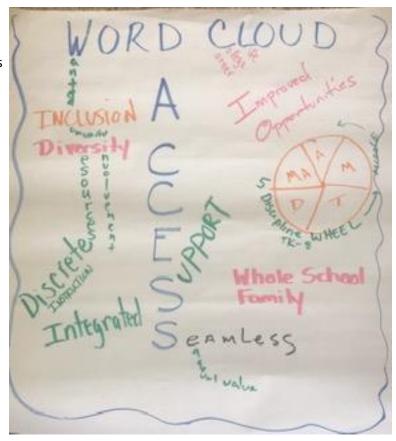

How the arts support problem-solving and brain research

Arts integration as a strategy

Including LIFT Transition Programs into the implementation big picture

Preparing students for visual arts at the HS level

The district reflected on the importance of Equity and created the following Word Cloud that includes key elements to keep in mind as they work towards achieving equity. - *Inclusion, diversity, discrete instruction, arts integration, seamless, equal value, improved opportunities, whole school family, community involvement, Life-College-Career, TK-8 5 discipline wheel, support, access.* 

#### **Strategic Directions**

To guide the plan and to address the challenges, the committee reflected on the following question: What creative and innovative actions can we take to address our challenges and move toward our vision? As a result, the following strategic directions and goal areas were developed to frame plan implementation:

#### **STRATEGY: Restructure to Ensure Implementation of the Arts**

Goal: Create a New Schedule

Goal: Provide Program Development & Coordination

Goal: Extended Day Arts Instruction TK-8

#### **STRATEGY: Identify and Allocate Resources**

Goal: Develop Funding Strategies Goal: Research, Evaluate, Celebrate

#### STRATEGY: Expand & Implement Quality Arts Instruction for ALL Students

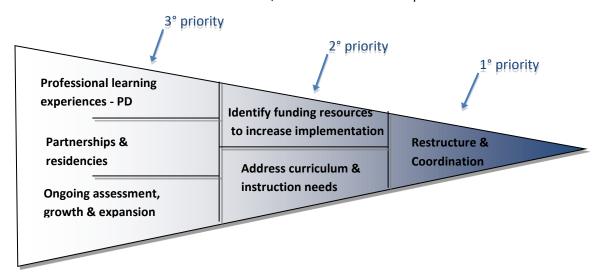

Goal: Create Strategic Pathways for Implementing Arts Instruction

Goal: Establish Outside Partnerships

Goal: Provide Professional Development

#### **PRIORITY WEDGE**

Looking to the future and implementing goals within the 2019-2024 arts plan, the Committee identified the highest leverage implementation actions to focus on. The areas below articulate those first, second and third level priorities.

#### **Strategic Directions**

To come up with Strategic Directions to guide the plan and address the challenges, the Alhambra USD arts committee asked: What creative and innovative actions can we take to address our challenges and move towards our vision? The team developed the following strategic directions and goal areas to support implementation.
