Visual And Performing Arts Education

BP 6142.6

Instruction

The Governing Board recognizes that by studying visual and performing arts, students learn to develop initiative, discipline, perceptual abilities and critical and creative thinking skills that extend to all areas of life. The Board believes that a comprehensive arts education program should be an integral part of the basic education offered to all students in all grades. The Board encourages all teachers to use the arts to facilitate learning in the subjects they teach.

The district's comprehensive arts education program shall follow the key standards outlined in the curriculum in dance, music, theater and the visual arts. Students shall have the opportunity to continually improve artistic skills, create and/or perform original works, acquire an appreciation of arts from many eras and cultures and develop an intellectual basis for making aesthetic judgments.

(cf. 6143 - Courses of Study)

(cf. 6146.1 - High School Graduation Requirements)

In addition, the Superintendent or designee shall encourage the integration of community arts resources into the school program. Students shall have opportunities to attend musical and theatrical performances, observe the work of accomplished artists and work directly with visiting artists.

The Board supports collaboration with community arts agencies through the Local Arts Education Partnership Program and is committed to providing the necessary time, staff and financial resources in order to fulfill the district's part in this school-community arts agency partnership.

The Superintendent or designee shall appoint a local steering committee to work with the district on this program. This committee shall represent the ethnic and cultural composition of the district and provide a balance between the education and the arts communities. (Education Code 8813)

(cf. 1220 - Citizen Advisory Committees)

(cf. 1700 - Relations between Private Industry and the Schools)

(cf. 6153 - School-Sponsored Trips)

The Board acknowledges the importance of ongoing professional development for teachers in arts education. The Superintendent or designee shall ensure that certificated staff have opportunities to become knowledgeable about curriculum developments in the arts and strategies

for delivering a comprehensive arts program to students.

(cf. 4131 - Staff Development)
